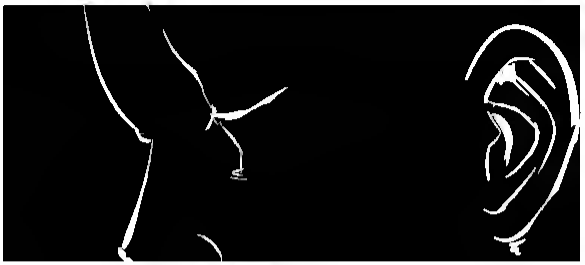
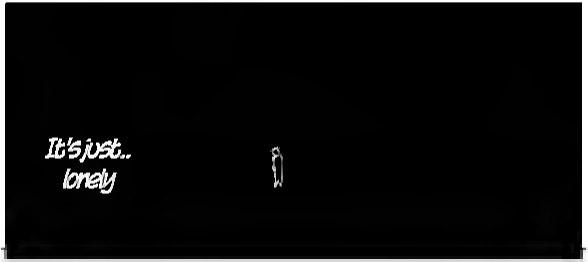
Ain't this some shit..
... Ha..
I managed to save ya..
This time around,



..oops

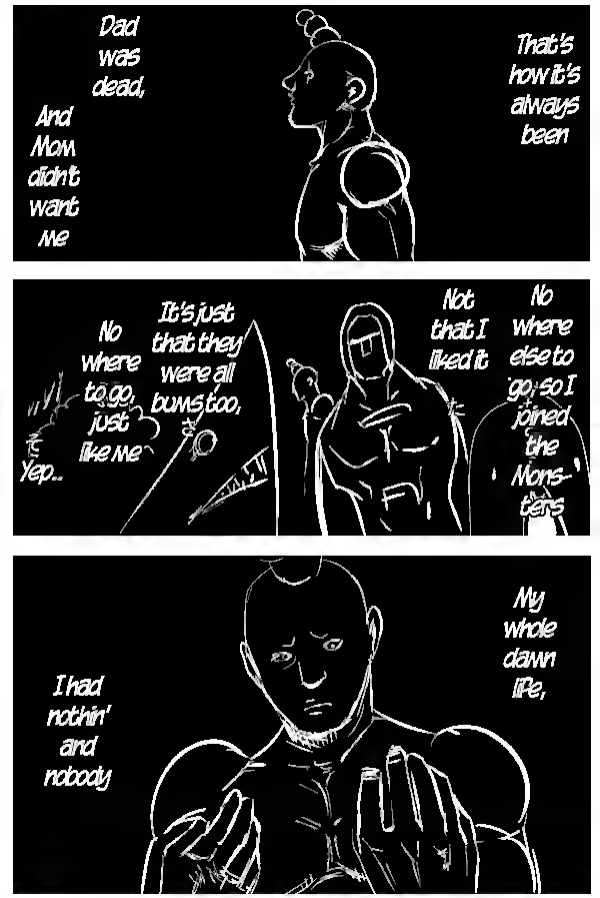
No surprise, taking that concrete Pull-on
I guess that did it

But that ain't what this is
Right now..
After I die, I always figured it'd just be.. nothing

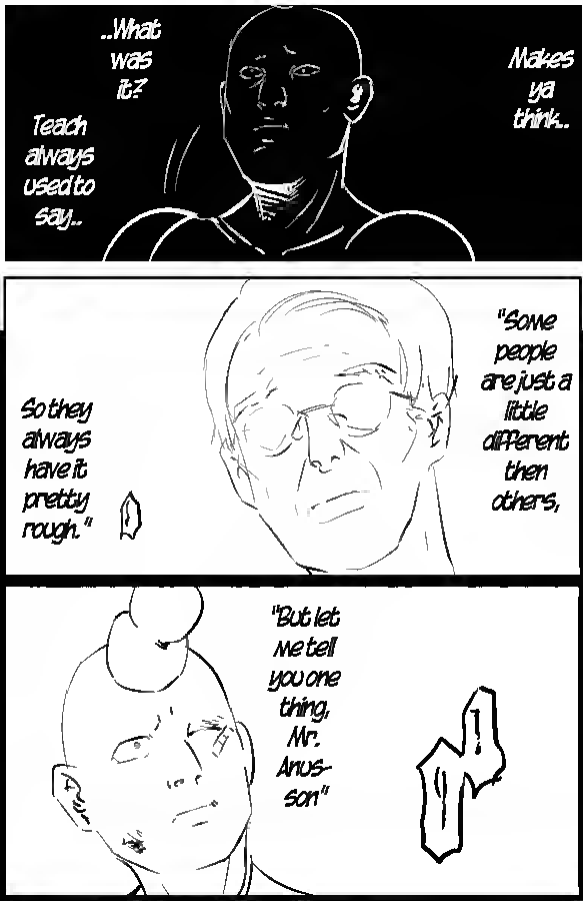


It's just.. lonely

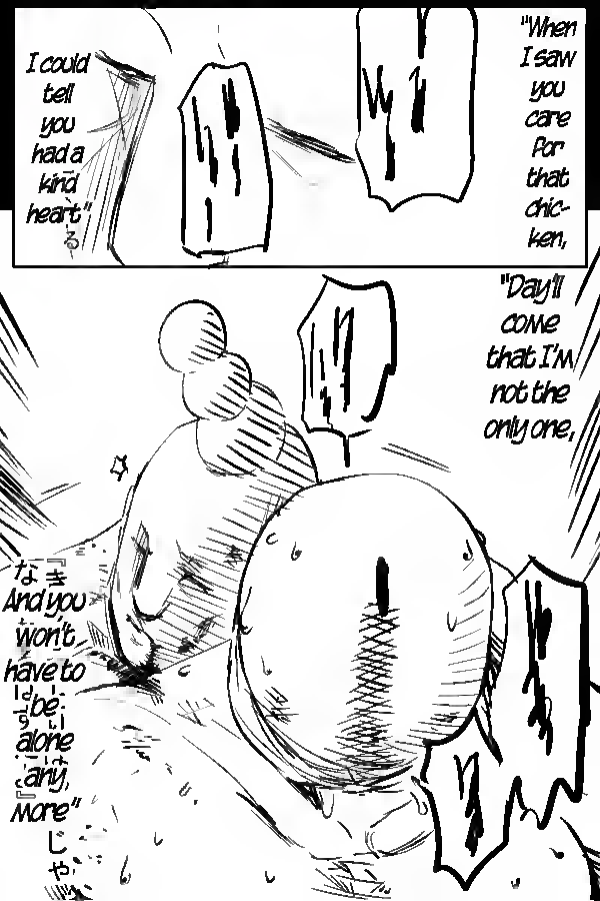
'Course, to be fair...



Dad was dead,
And Mom didn't want me
That's how it's always been
Yep..
No where to go, just like me
It's just that they were all bums too,
Not that I liked it
No where else to go, so I joined the Monsters
I had nothin' and nobody
My whole dawn life,



..What was it?
Makes ya think..
Teach always used to say..
"Some people are just a little different then others,
So they always have it pretty rough."
"But let Me tell you one thing, Mr. Anus-son"
!?



"When I saw you care for that chicken,
I could tell you had a kind heart."
"Day'll come that I'm not the only one,
And you won't have to be alone anymore"

Why..
You..

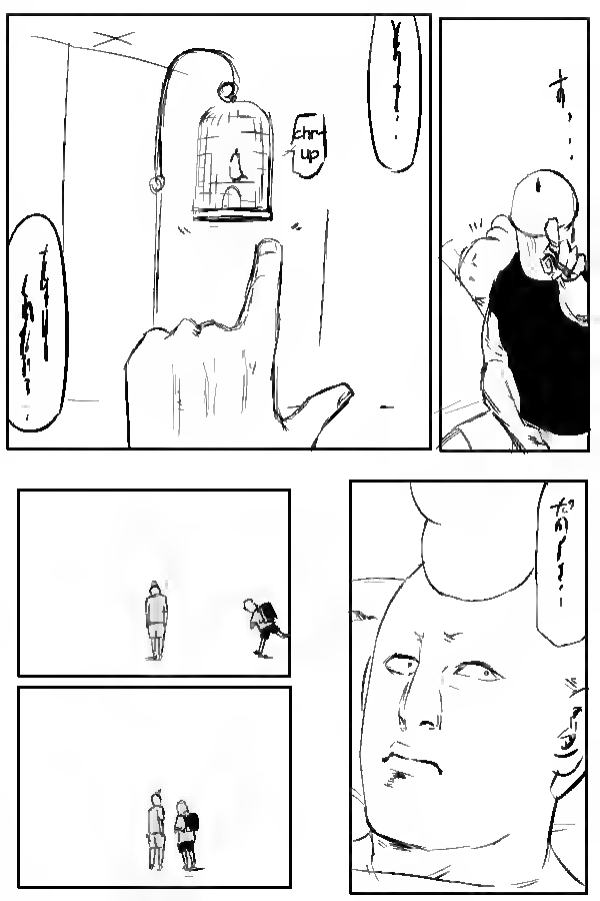
HELLO
Hm..

Thank fully,
Luckily, we had those Hero donor organs
I think the worst is over, but it's up to him now
It sounds like he's a real fighter
Why ...
Why'd you.. do it?



Shut up
